## GHARIBWAL CEMENT LIMITED

## DIRECTORS' REPORT

## Dear members.

Your Directors hereby present half-yearly condensed interim financial information, duly reviewed by the statutory auditors, and their report on the Company's operating results for the period ended 31 December 2010.

During the period under review, the overall sales volume of the cement industry registered a decline of 11.2% compared to the dispatches made during the corresponding period of last year. Domestic sales dropped by 8% and exports were down by 17%. This was attributable to devastating floods, curtailment in development activities by the Government due to budgetary constraints and the declining trend in export prices of cement in the international market. A similar trend has been reflected in your Company's operating results.

## FINANCIAL RESULTS

The comparative financial results of the Company for the period under review are as follows:

	2010	2009	Increase/ (Decrease)
		(Rupees in thousar	ıds)
Sales Revenue - Net	1,179,387	1,444,555	(265,168)
Operating Loss	170,346	233,084	(62,738)
Finance Cost	391,535	579,182	(187,647)
Net Loss After Taxation	574,000	822,477	(248,477)

It is evident from the above comparison that despite a drop of Rs. 265,168 million, or 18.4% in the sales revenue of your Company, the Operating Loss registered a favorablel variance. This loss remained at Rs. 170.346 million, while it was Rs. 233.084 million during the corresponding period of last year. Cost of Sales exceeded last year's average by 11.9, attributed mainly to higher fuel & power cost and increase in other components of cost due to inflationary pressures. This was, however, partially absorbed by improvement in net retention price and non-repetition of export sales through sea freight.

## FUTURE PROSPECTS

Domestic demand of cement has shown signs of improvement during the following guarter with the commencement of reconstruction activities in the flood affected areas of the Country. Gradual improvement in the net retention price of cement and seasonal surge in its demand are expected to contribute positively towards the financial results of the Company. Liquidity constraints would however, continue to hamper capacity utilization with some improvement over the preceding period.

## DIRECTORS'REPORT

#### Auditors' Observation

As reported earlier, based on the restructuring of credit facilities by the financial institutions and continuing support from the sponsoring directors, the Board is confident that the Company would have adequate resources to operate its business on a sustainable basis for the foreseeable future. These financial statements have accordingly been prepared on a going concern basis.

## Acknowledgment

The Board is thankful to its members, employees, bankers, distributors and business partners for their continued support of the Company and trust in its management.

For and on behalf of the Board

## REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION TO MEMBERS

## Introduction

We have reviewed the accompanying condensed interim balance sheet of Gharibwal Cement Limited as at December 31, 2010, and the related condensed interim profit and loss account, condensed interim cash flow statement and condensed interim statement of changes in equity together with the notes forming part thereof for the six months then ended (here-in-after referred to as the "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review. The figures of the condensed interim profit and loss account for the quarters ended December 31, 2010 and 2009 have not been reviewed as we are required to review only the cumulative figures for the six months ended December 31, 2010.

## Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respect, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Without qualifying our review report, we draw attention of the members towards note 1.2 of the condensed interim financial information, which disclosed the appropriateness of the going concern assumption used by the company in spite of the fact that the company has been suffering even gross losses and its loss for the period and accumulated loss at the six months ended December 31, 2010 stood at Rs. 574.000 million and Rs. 3,224.234 million respectively; and as of that date its current liabilities exceeded its current assets by Rs. 3,811.263 million. All these situations indicate the existence of a material uncertainty, which may cast significant doubt about the company's ability to continue as a going concern.

## NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED) FOR THE SIX MONTHS ENDED DECEMBER 31, 2010

#### 1 LEGAL STATUS AND OPERATIONS

- **1.1** The Company was incorporated in Pakistan on December 29, 1960 as a Public Limited Company; its shares are quoted on Karachi and Lahore Stock Exchanges. It is principally engaged in production and sale of cement. The registered office of the Company is situated at 28-B/3, Gulberg III, Lahore.
- 1.2 During the period under report, the Company incurred net loss amounting to Rs 574.000 million which increased accumulated loss to Rs. 3,224.234 million. Further, as of the balance sheet date, the current liabilities exceeded current assets by Rs. 3,811.263 million (2010: 4,015.933 million) which is mainly due to the huge amounts on account of "trade & other payables" and "taxes & duties" aggregating to Rs. 3,109.412 million.

In order to mitigate the above situation, the Company has already taken appropriate steps, including reduction in the cost of production by using alternative fuel resources and employing experienced technical staff to ensure the smooth operation of the new plant. Moreover, the management of the Company anticipates that the present increase in sale prices will continue further and demand for cement is also expected to rise significantly. Hence, the aforementioned anticipated increase in the sale price and demand along with the other measures, as stated above, will improve the profitability and liquidity position of the Company.

In addition to the restructuring of credit facilities with the various financial institutions and the leasing companies, the outstanding loan of the sponsoring directors amounting to Rs. 1,684 million have been converted into equity. In order to further improve the liquidity position, the sponsoring directors have also offered their personal properties for the settlement of Company's loan for which legal formalities are under process.

Based on the support of the sponsoring directors and the projections prepared by the Company's management, which have been approved by the Board of Directors and also reviewed by the financial institutions, the management is of the view that the Company would have adequate resources to continue its business on a sustainable basis in the foreseeable future; and therefore will continue to be a going concern. Accordingly the management of the company is justified to prepare this condensed interim financial information by using the going concern assumption.

#### 2 STATEMENT OF COMPLAINCE

This condensed interim financial information is un-audited but subject to limited scope review by the statutory auditors and has been prepared in accordance with International Financial Reporting standard 'IAS-34 - Interim Financial Reporting' and should be read in conjunction with the Annual Financial Report for the year ended June 30, 2010.

#### **3 STATEMENT OF CONSISTENCY IN ACCOUNTING POLICIES**

The accounting policies and methods of computation adopted for the preparation of this condensed interim financial information is the same as those applied in preparation of financial statements for the year ended June 30, 2010.

#### **4 SIGNIFICANT ESTIMATES**

The preparation of this condensed interim financial information requires management to make judgments, estimates and assumptions that effected the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and related disclosures at the date of financial statements. Actual results may differ from those estimates. In preparing this condensed interim financial information, the significant judgments made by management in applying accounting policies, key estimates and uncertainty includes:

- depreciation method, residual values and useful life of depreciable assets;

- taxation;
- staff retirement benefits; and
- provisions and contingencies

#### 13 CORRECTION OF COMPENSATORY ERROR

Subsequent to the issuance of audited annual financial statements of the company for the year ended June 30, 2010, it was discovered that due to a clerical error the value of closing stock of finished goods (i.e. cement) as at June 30, 2009 inadvertently remained overstated by Rs. 29.468 million, the effect of which was self adjusted during the year ended June 30, 2010. However, due to this error the net loss for the year ended June 30, 2009 remained understated by Rs. 29.468 million, while the net loss for the year ended June 30, 2010 remained overstated with the same amount. Effect of this clerical error on the published annual financial statements is given below:

	Balanc	Balance Sheet		ss Account

Understated/(overstated)	-		(29,467)	(29,468)

This error was duly disclosed to the members of the Company in the Annual General Meeting of the Company held on 28-02-2011. The above error has been rectified in accordance with IAS - 8 by restated the opening balance of "Stockin-trade - Finished Goods" in the Profit and Loss Account and "Accumulated loss" in the Statement of Changes in Equity for the comparative figures of six months period ended December 31, 2009. This disclosure is also being made in line with the requirements of ISA - 560, "Subsequent Events".
